

A Call for Proposals for Creative Design Projects relating to Healthy Lake Ecosystems

To all New Brunswick Alliance of Lake Association Members,

The New Brunswick Alliance of Lake Associations support a call for proposal to young members of your lake associations OR community at large to submit a creative design, narrative, or project, that highlights a theme relating to “how to keep your lake healthy.” Themes can be selected by youth so long as they are directly related to environmental management practices and are approved by the NBALA Project Manager.

Some themes can be:

- Water & Public Health
- Invasive Species & Plants
- Water Monitoring and Citizen Scientists

Proposals can be some of the following ideas:

- Design a “how to keep your lake healthy” pamphlet
- Design a cartoon series
- Write a creative story for a blog post
- Design a social media post

Awarded Funding: \$200.00

Due: March 18th, 2021

If interested, you must:

Email Project Manager, Briana Cowie (bcowie@ecw.ngo) by **February 5th, 2021 at 4 PM** with your project idea including: theme, topic, and creative deliverable. Only 5 applicants will be accepted.

Please don't hesitate to reach out with questions – we are looking forward to actively involving young people from our lake associations and communities in discussions relating to environmental health management!

This opportunity is made possible by the Environmental Trust Fund.
